

## **SPRING REMOTE INTERNSHIP PROGRAM**

**Prerequisite:** Undergraduate students\*

\*The projects are usually multidisciplinary. Projects normally have a better fit for students of Engineering, Business, Communication and correlated areas, however, everyone willing to learn and contribute to an international project is welcome.

**Language of Instruction:** English

**Length:** 8 weeks

**Expected Starting Date:** January 31<sup>st</sup>, 2022

**Description:** A project-based internship program and experiential learning in a structured online working format so students can continue to make progress toward their academic and professional goals, while also gaining a global perspective and developing interpersonal skills.

Interns will have the opportunity to work alongside Brazilian students and experienced professionals in renowned organizations. All interns will be placed within an organization working on actual projects, with a dedicated supervisor and a program coordinator based in Brazil.

A 8-week program, the first week being reserved for contextualizing the Brazilian market and cultural aspects, offered by Campus B in partnership with a renowned Brazilian university. During the remaining 8 weeks of the project, students will work with the organizations, there will be mentoring sessions and academic guidance. In the last week of the program, there will be a wrap-up session to conclude the experience and present the results of the project. This project will have the following structures:

- Lectures with Brazilian professors from renowned academics about Career, Professional Growth, and Leadership
- Interactions with Brazilian students
- Portuguese classes (crash course)
- Cultural interactions, streamed or pre-recorded, such as dancing performances, communities visits, museum tours, music presentations, etc
- Mentoring for project delivery and certificate of attendance

### **Learning Objectives:**

- Professional development to support your career pathway;
- First-hand contact with innovative business ideas and daily challenges in Brazil;
- Capacity to adapt to the new reality of virtual work;
- Understanding of multi-cultural environment and its peculiarities;
- Build a network with Brazilian professors, students, entrepreneur, business leaders;
- Improve skills such as self-reliance, work organization and discipline, proactive attitude, interpersonal and practical skills.
